Ms. Ananya Kapoor

Talent Acquisition Manager

Data Insights Corp.

Subject: Thank You - Data Analyst Interview

Dear Ms. Kapoor,

Thank you for taking the time to meet with me to discuss the Data Analyst position at Data Insights Corp. I enjoyed our conversation and appreciated learning more about how your team leverages data to support strategic decision-making across the organization.

Our discussion reinforced my enthusiasm for the role, particularly the opportunity to work with large-scale datasets and contribute to the development of predictive models. I believe my experience with SQL, Python, and dashboard design aligns well with the goals your team described, and I am confident I could make a meaningful contribution from day one.

Please let me know if there is any additional information I can provide to support my candidacy. I look forward to the possibility of joining your team and thank you again for your time and consideration.

Sincerely,

Karandeep Sandul
